

QUALITY POLICY

KENYON INT'L recognizes that the discipline of quality management is integral to its management function. The company views this as a primary responsibility and to be the key to quality services in adopting appropriate quality standards.

Quality Mission:

To provide affordable and quality services that meet and exceed our customers' expectations and continually improve and update the skills and resources needed for a demand-driven energy company.

Quality Goals:

- Help our clients achieve their full potential through quality services, innovations, and leveraging on relevant technologies.
- Strict compliance to applicable standards and regulations in all our operations and always conduct our business in an ethical and professional manner, meeting all requirements.
- Work in partnership with our clients to establish total satisfaction and enhance their respect and loyalty.
- Maintain a concept of continual improvement and make the best use of our management resources in all quality matters.
- Maintain the company's image and reputation to earn the confidence of our clients, shareholders, and society.
- Maintain a participatory work ethic, rely on the innate excellence of our staff, and provide a training culture in which they excel. Train our staff in the needs and responsibilities of quality management.
- Continually measuring the effectiveness and efficiency of our quality policy to ensure it meets our corporate goals.

Mr. Victor Ekpenyong (MD/CEO)
